

SCHEDULE AL

AREA LIGHTING SERVICE

AVAILABILITY

Available throughout the territory served by the Cooperative to farm, residential, and general service Customers for area lighting from dusk to dawn, mounted on Cooperative poles with bracket attachments and connected to existing overhead or underground secondary circuits.

RATES

Rates include the following parts:

- A) Standard Offer Service Charge
- B) Distribution Charge
- C) Facilities Charge
- D) Public Service Company Franchise Tax
- E) Poles and Miscellaneous Additional Charges

Customers receiving Standard Offer Service as defined in the General Terms and Conditions will pay A, B, C, and D.

Customers choosing an alternative Electricity Supplier as defined in the General Terms and Conditions will pay B, C, and D. They will not pay A) Standard Offer Service Charge. They are subject to all applicable alternative Electricity Supplier rates and charges, none of which are included in this tariff schedule.

Customers will pay E when applicable.

CONDITIONS OF SERVICE

1. Area lighting equipment including lamps, fixtures and controls shall be installed within one span of existing overhead secondary lines, owned, operated and maintained by the Cooperative only on Cooperative owned poles for a period of not less than one year. If additional spans and poles are required for providing service to the area lighting equipment, the applicable charges for additional poles and additional spans of conductor listed above will be charged.
2. The lamps shall operate from dusk to dawn each and every night or for approximately 4,140 hours per year.
3. Lamp replacements shall be made by the Cooperative without additional charge, except that any damage to lamps and associated equipment resulting from vandalism due to the negligence of the Customer, his agents, servants, or employees, shall be charged to the Customer at cost.
4. The Customer should report outages promptly. Lamps shall be serviced only during the regular working hours of the Cooperative.
5. Installation of any electrical plant that is in excess of the standard plant required for an area light, will require an upfront payment from the Customer of the total estimated installed cost of such plant. Additional costs incurred when installing underground lamps such as boring/jacking sidewalks, driveways or streets will be added at 100% cost.
6. The Cooperative will follow standard trenching, backfilling, seed and mulch during original installation. Any further repair to trench or landscape is the responsibility of the Customer.

TERMS OF PAYMENT

The above rates are net, the gross rate being 1.5 percent higher. In the event the current monthly bill is not paid within 20 days after the rendition of the bill, the gross rate shall apply. If the bill remains unpaid before the end of the next nominal billing period, an additional charge to be made equal to 1.5 percent will be assessed on any portion of the original amount which remains unpaid at the time, and at the end of the second nominal billing interval, an additional charge to be made equal to 2 percent will be assessed on any portion of the original amount which remains unpaid at that time. The total of these charges may not exceed 5 percent.
