Visit **SMECO.coop/save** to schedule your Quick Home Energy Check-up today.

SMECO
People. Power. Progress.™

Save Energy, Save Money. A Resolution You Can Keep.

When you schedule a **Quick Home Energy Check-up**, a check-up professional will:

- **Visit** your home to perform the Quick Home Energy Check-up, which typically takes about one hour.
- Do a visual inspection to **evaluate** the condition of your home's insulation levels, air tightness, heating and cooling systems, windows, doors, lighting, and appliances.
- Provide a **report** that details the check-up findings and outlines recommendations for energy-efficiency improvements.
- **Install** (with your permission) at least three applicable energy-saving measures such as:
 - Compact fluorescent lights (CFLs)
 - Faucet aerators
 - Efficient-flow showerhead
 - Pipe insulation
 - Smart strips

Fast. Easy.
No Additional Cost to You
