Savings and Comfort: Worth Their Weight in Gold

SMECO is offering rebates to offset the cost of energy efficient heating and cooling upgrades that can help you reduce energy use, lower energy costs, and improve your home's comfort. Install new equipment, have your ductwork properly sealed, or simply tune up your existing equipment and get money back.

- New high efficiency equipment — **up to \$500**
- Duct sealing — **\$250**
- Performance tune up on existing equipment — **\$100**

Combine the rebates offered through the high efficiency equipment and duct sealing programs for a total rebate of \$750!
Save energy and money while you make your home a wee bit more livable and your family a wee bit more comfortable.

Learn more and select a participating contractor to qualify for the rebates.
Visit **SMECO.coop/save** or call **877-818-4094**.

This program supports the EmPOWER Maryland Energy Efficiency Act.
