

EmPOWER Maryland— makes ¢ent\$ for Marylanders

Since 2008, SMECO has been participating in the statewide initiative, EmPOWER Maryland, to bring energy savings to your home and your wallet. October is National Energy Awareness Month and we are celebrating by promoting some of our EmPOWER Programs.

Have you scheduled a Quick Home Energy Check-Up? There is no additional cost for this service and it is a fast, easy way to increase the energy efficiency in your rental unit, condominium, or home and will help you start saving immediately. An energy professional will provide and install the following energy savings measures (at least three):

- Faucet aerators
- Electric water heater tank wrap
- Smart strips
- 12 CFLs
- Pipe insulation (on hot and cold pipes from water heater for six feet)
- Efficient-flow showerhead

Additionally, the energy professional will educate you on all of SMECO's residential energy conservation programs.

SMECO recognizes that our customer-members want to conserve energy, save money, and improve the environment. By providing a variety of programs, services and incentives, we are working to accomplish these goals together with you, our valued customer—together we can save energy and keep money in your pocket.

EmPOWER Maryland— makes ¢ent\$ for Marylanders

This October, Maryland is celebrating National Energy Awareness Month by showing Marylanders how to save energy, protect your environment, reduce the amount of pollutants in the air and keep money in your pockets!

Did you know that more than 40 percent of greenhouse gas emissions come from electricity consumption?

Energy efficiency programs are the fastest, most cost-effective approach to reducing our impacts on the climate. The EmPOWER Maryland initiative has been in existence since 2008—the statewide goal is to reduce energy consumption 15 percent by 2015.

We have three months to surpass this goal but we need your help!

Have you participated in any of the EmPOWER Maryland programs yet?

Log on to climatechange.maryland.gov to learn more about the program. Then visit smeco.coop/save to learn about SMECO's programs and to take advantage of discounted energy efficient lighting, discounted appliances, and the Quick Home Energy Check-Up.

EmPOWER Maryland makes ¢ent\$ for Marylanders by reducing energy usage in your home and keeping money in your pocket.
