

Recycle Your Old Fridge and Get a Cool \$50

SMECO
People. Power. Progress.

[SMECO.coop/save](https://www.smecho.coop/save)

Put Wasted Energy on Ice

That spare refrigerator or freezer in your basement or garage is not only taking up space, but also could be wasting up to 1,200 kWh of energy and nearly \$150 in electric costs every year. Recycle your old appliances now and you'll save energy and money. Plus, SMECO will pay you to do it!

To schedule your pickup, visit [SMECORecycleMyOldFridge.com](https://www.smeco.com/RecycleMyOldFridge.com) or call **866-261-5970**.

Some restrictions apply.

SMECO residential customers can receive a \$50 reward for recycling any refrigerator or freezer in working (cooling) condition. Your appliances will be picked up at no charge from the address listed on your billing account.

\$25 Bonus! Recycle a room air conditioner at the same time as your fridge or freezer pickup and get an additional \$25.
