Cozy up to Energy Efficiency

Comfort helps make a house a home, and SMECO's Home Performance with ENERGY STAR Program takes a whole-house approach to improving your home's comfort, durability, and energy efficiency.

- Start with a home energy audit for \$100 (a \$400 value).
- Review the findings and decide which upgrades are right for you.
- Get rebates up to \$4,300 from SMECO to help cover the cost of improvements.
- Enjoy year-round comfort in your energy-efficient home.

Schedule a Home Energy Audit Today!

Find a participating contractor at [SMECO.coop/homecomfort](https://www.smecco.coop/homecomfort) or call **877-818-4094**.

This program supports the EmPOWER Maryland Energy Efficiency Act.
