

Saving, Made Simple

Use our online Account Manager to track your energy use and get tips to save.

The amount of energy you use changes from day to day based on the weather and your household activities. But now it's easier than ever to monitor your energy use and forecast your electric bill. Account Manager helps you avoid surprises and take steps to save.

Check out Account Manager today at
SMECO.coop/ManageMyAccount.

SMECO
People. Power. Progress.

Designed to Help You Save Energy and Money

Information is power—and with Account Manager, the power to control energy costs is in your hands.

Bill Comparison

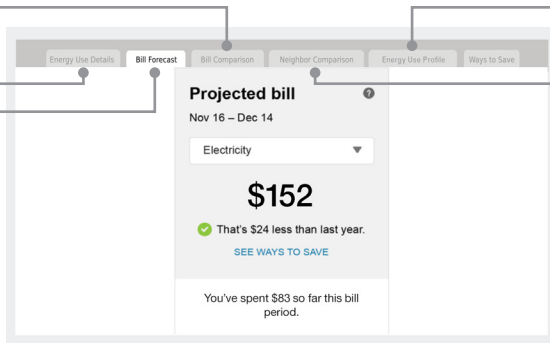

Energy use this month compared to the same month last year.

Energy Use Details

How much energy you're using day by day, hour by hour.

Bill Forecast

What you may be billed, based on your usage history and your current routine.

Energy Use Profile

How much energy goes to appliances, lights, water heating, and electronics.

Neighbor Comparison

How homes like yours are using—and saving—energy.
